### Superintendent's Highlights

For the second year in a row, our fourth grade students surpassed the state average direct writing score and our eighth grade, the state average direct math score.

The percentage of our third graders that scored at grade level or better on the new state IRI test (Winter 54%) was close to the state average (Winter 60%) and was greater than that of many of our neighboring district elementary schools.

### Progress Towards Meeting District Goals

1999-00 Goals	Progress
All Wilder students will demonstrate the Basic skill competence necessary for passing each grade level.	Ninety-seven percent of our students in grades K-8 passed their grade level tests.
All graduates of Wilder High School will be competent to enter the work force and/or to enter post-secondary educational institutions and be successful there.	Fifty-five percent of our graduates plan to attend some post-secondary education institution. Thirteen percent will be entering the military. The remaining students plan to enter the workforce.
The goal of the Wilder Schools is that all of the students who start and finish their schooling in Wilder School District 133 will graduate.	Our dropout rate for the 1999-2000 school year was 1.8 percent.
